

FACILITIES SPECIALIST OPERATIONS MANAGER

This partnership of qualifications will give you knowledge, skills and behaviours in managing and developing your team, projects, planning and monitoring workloads, managing resources and facilities management. This bespoke package includes the Level 5 Operational Management Apprenticeship and the Level 4 IWFM award, comprehensively covering a number of important leadership and management areas including; facilities management, risk management in the organisation, organisational culture and context, and the importance of health and safety management.

Roles may include: Existing facilities managers, Operations managers, Building managers, Property managers, Regional managers, Divisional managers, Department managers and Specialist managers. You will have the ability to tailor your course and IWFM units to meet your individual requirements and develop the specialisms in facilities management to support you to Grow, Learn & progress.

Linked to our Facilities Management Pathway providing career advancement and progression opportunities.
